

WATER MAIN REPLACEMENT PROGRAM DETAILS ON YOUR NEIGHBORHOOD PROJECT IN THE 43RD WARD

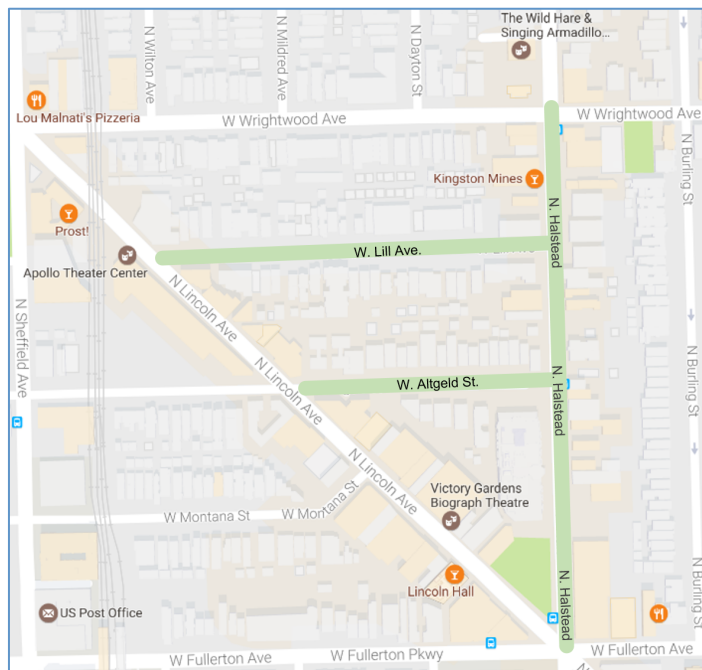

NPL Construction Co. (NPL) has been contracted to serve your community as part of the City of Chicago's Water Main Replacement Program.

In the 43rd Ward we will be replacing mains on these streets:

1. N. Halsted St. from W. Wrightwood Ave. to W. Fullerton Ave.
2. W. Lill Ave. from N. Lincoln Ave. to N. Halsted St.
3. W. Altgeld St. from N. Lincoln Ave. to N. Halsted St.

This work will install new mains approximately five feet beneath the surface, along with new fire hydrants. There will be periodic street closures and coordinated water shutoffs before work is finished and streets are restored.

Direction of Work

Work will begin on W. Lill Ave. Work will move to N. Halsted St. at W. Wrightwood Ave. and will travel south to W. Fullerton Ave. The work on W. Altgeld St. will be the last segment.

Updates

NPL will be working in conjunction with the Department of Water Management and the 43rd Ward Office for updates to the project as milestones are completed. Sign up for email updates on the project by going to **BuildingANewChicago.org** to register for the WaterALERT program #1401191. Those emails will notify you when equipment is arriving, when pipes are installed and when work is

complete.

If you have questions during construction, please contact:

- DWM Office of Public Affairs: 312-744-6635
- 24-Hour City Service and Information Line: 311
- 43rd Ward Office: 773-348-9500
